ABOUT ME

Motivated Third-Year Information Technology student with strong interest in building scalable and impactful tech solutions. Skilled in web development and problem-solving, with hands-on experience developing real-world projects focused on improving everyday systems. Eager to apply technical knowledge in dynamic environments and grow as software engineer through practical exposure and continuous learning.

EDUCATION

Padre Conceicao College of Engineering (PCCE)

2023 - Present

Bachelor of Engineering, Information Technology

Focused on core concepts in software development, data structures, and web technologies.

Actively building practical projects and strengthening problem-solving skills.

Kendriya Vidyalaya

2011 - 2023

Higher Secondary Education (Science)

Developed strong academic foundation with exposure to programming fundamentals, analytical thinking, and leadership activities.

PROJECTS

Tripzy | 2026 - Present

Developed scalable carpooling and ride-sharing platform using MERN stack, enabling real time ride discovery and booking. Implemented features such as driver verification, OTP-based authentication, and emergency support systems. Integrated map services and built AI chatbot for user assistance, improving accessibility and user experience

UAHAS | 2025 - Present

Built AI - powered assistive system for hearing - impaired users using speech-to-text and sound recognition technologies. Designed multi-modal feedback system with text, audio, and vibration alerts for real time interaction. Implemented noise filtering and optimized system for mobile accessibility and usability.

SKILLS

Professional

Technical Skills:

- Web Development: HTML, CSS, JavaScript
- Full-Stack Fundamentals (MERN Stack)
- Problem Solving & Logical Thinking
- AI-based Applications & System Design

Personal

Leadership
Management Skills
Time Management
Communication Skills
Critical Thinking

LANGUAGES

- English - Fluent
- Hindi - Fluent
- Konkani- Proficient
